

Homespun Fabric

Homespun Fabric is a light weight fabric of fine cotton yarns, produced using traditional colonial techniques of hand warping, dyeing, weaving, and washing. Color variation and small irregularities are to be expected and are part of the character and charm of true homespun. Our homespun is prewashed and preshrunk. It measures 44-45 inches in width and may be ordered by the bolt (15 yard minimum) on a tube or doubled and rolled. Cut yardage between 5 and 15 yards is also available for an additional charge.

Care Instructions

Machine wash in cold water, mild detergent. Dry on delicate cycle.

Homespun Color Key

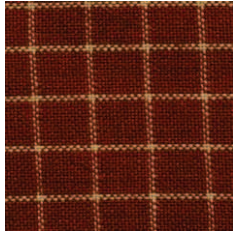

If the code number starts with a:

2 = Navy, 3 = Red, 4 = Green, 5 = Black, 6 = Burgundy, 7 = Mustard, 8 = Wheat, 9 = Brown

This is a general rule that applies to most homespun fabric, it does not apply to white and cream colored backgrounds
