# Pluses & Crosses

## Pluses & Crosses

Inspired by hand stitching and visible mending, Diamond Textiles is combining an array of saturated hues with a special weaving process to create the look of hand stitching. You'll swoon over the accent thread colors that elevate the texture and pattern in these yarn-dyed cottons.

Simply simpatico!

## Topstitch

The Topstitch collection features a waffled texture created by evenly spaced running stitches nestled among the warp yarns of this fabric. The contrasting “topstitched” threads give a nod to the time-honored hand stitching techniques of kantha, boro and sashiko.

# Confetti

## Confetti

Confetti, our new textured woven, is sprinkled with multi-colored squares of woven goodness. The curated color palette includes neutrals in bisque and silver tinsel, a pink ginger medium tone and dark hues of spice and blue suede. Confetti combines playfulness with style.

# Sandcastle

## Sandcastle

This unique fabric combines a layer of cotton with a woven scrim that is quilted together. Four new colors have been added to this collection. Because of the double layers, this fabric is ideal for hand stitching, machine or hand embroidery projects. Its durability also makes it ideal for top-of-the-bed pieces, garments, throw pillows and home decor.
