

CREATE JOY PROJECT

Floribunda is a fabric line that celebrates the abundant beauty of autumn. There is nothing more refreshing than the crisp, fresh fall air. The leaves turning a riot of bright jewel-toned colors enlivens the spirit and leaves me feeling truly grateful for this beautiful world we live in.

I mixed up a custom color palette full of rich, luscious tones and set about painting some fall florals, leaves like the ones you would find on the ground during a chilly fall walk, funky sunflower seeds, vintage knitted patterns, and stripes like you wore to school as a kid under your overalls back in the day. I added ten flow colors to bring all these designs together. What will you make with Floribunda?

xoxo, Laura
