

# Jelly & JAM

## FIG TREE & CO.

*Everything is better  
in a mason jar!*

I think by now you all know my love of vintage flour sack fabrics, 50s kitchen goods, mason jars, and little dainty flower prints. All that retro nostalgia just makes my fabric heart sing!

This collection is my take on canning day... and all of the retro vintage goodness that comes with it. It's filled with snippets of my favorite vintage flour sack fabrics, mason jars in every size, and the smells of the kitchen and summer canning. Welcome back to some of our classic berry colors mixed with soft greens and some brand-new soft aqua tones for a quintessential summer collection.
