

LONGSHORE

BY JANET CLARE

Longshore combines my fascination with maps and all things coastal with my wanderlust to explore and see more of the world. You just can't beat the thrill of being somewhere new (even if it's just a few miles away from home) and seeing everything with fresh eyes and inspiring energy.

I've chosen my favourite calming colour palette and combined it with storytelling prints for city breaks, mountain stays, visits to forests and days at the seaside; there's plenty of subtle and textural designs to accompany them and a fabulous collage print straight from the pages of my sketchbook.

Just add the dates and details of your adventures to the Newton map panel to create a truly unique family heirloom.

With Longshore, you can create quilts for every explorer, homebird, and adventure seeker you know!
