

Panache Pieces to Treasure

BY JENELLE KENT

Toweling, Wovens and Cotton Slub

If you do something with panache, you do it with style and elegance. It's that extra touch of flair, like a feather in your hat or a red rose on the lapel of a tuxedo. This fabric line is full of special little extras to add panache to your patchwork and quilting projects.

Based on stylish black and white, just adding a touch of red with pattern and texture creates Panache. This fabric range has it all.

Twenty-five woven checks and stripes are elevated by the addition of perfectly imperfect screen prints and three textured cotton slubs. The plain cotton slubs are 45" wide, and the three floral screen prints plus three ikat spots are 54" wide. All are ideal for introducing texture to your patchwork projects and home furnishings, such as pillows.

Creating even more Panache are two pieced 45" wide fabrics, stitched together with 4" squares from all the striped and checked wovens. Available in red/white and black/white, these are perfect for premade quilt tops, backings, bags, and pillows.

If you're not spoiled for choice enough, there are also eleven 18" wide towelings and two 60" wide towelings. Enjoy making table runners, pillows, throws, totes, and much more with these. Accompanied by nine new patterns, including a Christmas-themed booklet containing seven different projects, there is sure to be something to please everyone with Panache!
