

# PINE VALLEY

Winter is not a season, it's a celebration. Anamika Mishra

 **BASICGREY®**

What do carefully decorated evergreen trees, horse-drawn sleigh rides, the soothing twinkle of lights against the dark sky, the familiar aroma of gingerbread baking in the oven, harmonic carols being sung, the gathering of loved ones from near and far, garland-draped mantles, stockings hung by the warm glow of the fire, snowball fights and snowmen, homemade candies and trinkets wrapped up in bows, tolling church bells, gift-bearing wise men, the humble Nativity, beginnings and love all have in common? They describe the essence of Christmas, of course!

Our Pine Valley collection is just that—a Christmas gift to you, quaintly wrapped in cozy, small-town splendor. This collection of fabrics is composed of wintry florals and berries, abstract arches and bells, intricate pine needles, and the illusion and movement of hillsides covered in freshly-fallen snow, all complimented by beautifully textured BasicGrey Grunges. The star of the show is our O' Holy Night print, showcasing an inspired compilation of quintessential Christmas. We dare you to take an up-close look to spy your favorite Christmas memories!
